

## СЕРТИФИКАТ СООТВЕТСТВИЯ

№ ЕАЭС RU C-BE.AД50.B.04594/22

Серия RU № 0355141

**ОРГАН ПО СЕРТИФИКАЦИИ** Орган по сертификации Общества с ограниченной ответственностью «СТАНДАРТАМШЕСТ». Место нахождения (адрес юридического лица): 121471, Российская Федерация, город Москва, улица Рябиновая, дом 61А, строение 1, этаж 2, комната 8. Адрес места осуществления деятельности: 115114, Российская Федерация, город Москва, улица Летниковская, дом 9, строение 1, комната 304. Телефон: +7 (495) 481-33-60. Адрес электронной почты: info@standartmashtest.ru. Уникальный номер записи об аккредитации в реестре аккредитованных лиц: RA.RU.10AД50. Дата решения об аккредитации: 26.01.2017.

**ЗАЯВИТЕЛЬ** ОБЩЕСТВО С ОГРАНИЧЕННОЙ ОТВЕТСТВЕННОСТЬЮ «ФЕДЕРАЛ-МОГУЛ ВИСИС». Место нахождения (адрес юридического лица) и адрес места осуществления деятельности: 125445, Россия, город Москва, улица Смольная, дом 24, корпус Д. Основной государственный регистрационный номер 1137746337959. Телефон: 74992900190. Адрес электронной почты: Olga.Arefyeva@driv.com

**КОПИЯ ВЕРНА**  
**ГЕНЕРАЛЬНЫЙ ДИРЕКТОР**

**ИЗГОТОВИТЕЛЬ** Tenneco Automotive Europe BV. Место нахождения (адрес юридического лица) и адрес места осуществления деятельности по изготовлению продукции: Бельгия, Poort Sint-Truiden, Sint-Jorisstraat 4520, 3800 Sint-Truiden. Адреса производственных площадок согласно приложению - бланк № 0885283.

**АНТИДОВ Р. Е.**

**ПРОДУКЦИЯ** Компоненты, поставляемые в качестве сменных (запасных) частей для послепродажного технического обслуживания автотранспортных средств, торговых марок: «MONROE», «RANCHO»: (согласно приложению - бланки №№ 0885268 - 0885281). Продукция изготовлена в соответствии с Директивой 2007/46/ЕС.

Серийный выпуск

**КОД ТН ВЭД ЕАЭС** 4016930005, 4016995709, 7320202009, 7320208108, 8482109008, 8482200009, 8708803502, 8708803509, 8708809909, 8708949909, 8708999709

### СООТВЕТСТВУЕТ ТРЕБОВАНИЯМ

Технического регламента Таможенного союза "О безопасности колесных транспортных средств" (ТР ТС 018/2011)

**СЕРТИФИКАТ СООТВЕТСТВИЯ ВЫДАН НА ОСНОВАНИИ** Протоколов испытаний №№ 0221/2-1АТС-2020, 0221/2-2АТС-2020, 0221/2-3АТС-2020, 0221/2-4АТС-2020, 0221/2-5АТС-2020, 0221/2-6АТС-2020, 0221/2-7АТС-2020 от 10.03.2020 года, выданных Испытательной лабораторией «АвтоТракторные Средства» Испытательного центра Общества с ограниченной ответственностью «ПРОММАШ ТЕСТ» (уникальный номер записи об аккредитации в реестре аккредитованных лиц RA.RU.21HA71)

Схема сертификации: 11с

**ДОПОЛНИТЕЛЬНАЯ ИНФОРМАЦИЯ** Сведения о стандартах, в результате применения которых на добровольной основе обеспечивается соблюдение требований технического регламента, указаны в приложении - бланк № 0885282. Условия хранения, срок хранения (службы, годности) продукции указаны в прилагаемой к продукции эксплуатационной документации, если иное не установлено действующими нормативно-техническими документами. Выдан взамен № ЕАЭС RU C-BE.AД50.B.02123/20 дата выдачи 17.03.2020 год.

**СРОК ДЕЙСТВИЯ С** 03.02.2022 **ПО** 16.03.2023 **ВКЛЮЧИТЕЛЬНО**

Руководитель (уполномоченное лицо) органа по сертификации

Эксперт (эксперт-аудитор) (эксперты (эксперты-аудиторы))

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Обозначение<br>документации,
